

# The Unz Review • An Alternative Media Selection

*A Collection of Interesting, Important, and Controversial Perspectives Largely Excluded from the American Mainstream Media*

## Major Articles on Jews, Nazis, and Israel

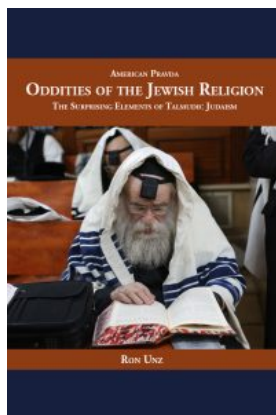

In today's Western world, the touchiest of all touchy subjects tend to involve the interrelated issues of Jews, Nazis, and Israel, widely considered the deadly "third rail" for journalists and historians.

The sudden outbreak of the renewed Israel/Palestine conflict in Gaza has restored that issue to the centerpiece of world politics.

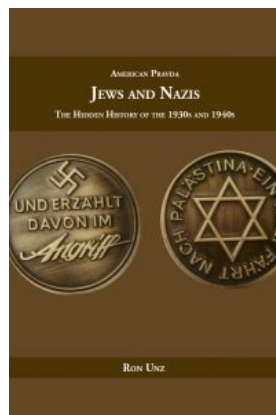

As a direct consequence of that widespread climate of avoidance, these exact matters are a central focus of this alternative media website, including my own articles, with the more substantial ones also being available as stand-alone eBooks.
